PROFILE SUMMARY

A self-motivated aspiring Software Engineer skilled in Java, Flutter, Dart, HTML, CSS, JavaScript, and React, with a passion for building responsive web and mobile applications. A fast learner and hard worker, I aim to contribute to innovative projects by leveraging my technical skills to enhance digital experiences and drive business growth.

EXPERIENCE

Software engineer (Intern)

Sri Lankan Ports Authority
2025 December – 2026 June

Developed and maintained the Sri Lanka Ports Authority live website, handling testing and ongoing maintenance to ensure optimal performance. Contributed to digitizing and computerizing all hard copy files, improving operational efficiency across the organization. Worked closely with the Chairman's Office at Colombo Headquarters, supporting the authority's digital transformation initiatives.

Mobile App developer (intern)

Novascript (Pvt) Ltd
2025 March – 2025 September

Developing mobile apps using Flutter Dart. Working on UI design, API integration, and new features. Collaborating with the team in an agile environment.

Self Taught Developer

2025 – Present

self employed

PROJECTS

Project 01: JS-Stores

Git Repository: [JS-Stores](#)

Role: Developer.

Technologies Used: Dart, Flutter, HTML

Description: A cross-platform app for managing online stores, supporting Android, iOS, macOS, Linux, Windows, and web, with inventory management tools and a seamless user experience.

Project 02: Action to talk (A2T)

Git Repository: [A2T](#)

Role: Developer.

Technologies Used: Firebase, Java

Description: An application aimed at facilitating communication for non-hearing and non-speaking individuals using sign language translation.

Project 03: Construction Website

Git Repository: [SM-ENGINEERING](#)
[Demo](#)

Role: Developer.

Description: A responsive company website for SM Engineering & Construction with service showcase, project gallery, blog, contact form, and an admin dashboard.

Technologies Used: JavaScript, Dart, Tailwind CSS, HTML, Firebase (Firestore)

EDUCATION

UNIVERSITY OF MORATUWA

Bachelor of Information Technology (BIT)

Reading

INSTITUTE OF TECHNOLOGY UNIVERSITY OF MORATUWA (ITUM)

Information Technology

2022 – 2025

N/Talawakelle Tamil Maha Vidyalyaya

Advance Level (Physical Science)

2018 – 2020

Institute of Advance Information Technology

Diploma in Computer Application

2017

CERTIFICATIONS

- Completed Python for Beginners course on the Open Learning platform at University of Moratuwa
- Completed Back-end Web Development using Javascript & node.js by Google & Microsoft
- Completed Machine Learning using Python & SKLearn by Google & Microsoft.
- Completed Artificial intelligence and Machine Learning Beginners' Course By The American Corner Kandy
- Completed Basic Coding Course By The American Corner Jaffna

TECHNICAL SKILLS

- **Technologies:** Java, Flutter, Dart, HTML , CSS, JavaScript and React.js
- **Database Management:** MySQL, Firebase
- **Version Control:** Git, GitHub
- **Design Tools:** Figma, Canva and Understanding of user centered design principles
- **Responsive Web/ Mobile App Design:** Creating layouts that work seamlessly across devices
- **Mobile App Development:** Using Flutter and dart delivering responsive and user-friendly experiences.
- **Debugging and Testing**

SOFT SKILLS

- **Problem-solving:** Skilled at resolving complex IT issues efficiently.
- **Teamwork:** Works well within teams to achieve shared goals.
- **Time Management:** Effectively manages time to meet tight dead- lines.
- **Adaptability:** Quickly adapts to new technologies and challenges.
- **Attention to Detail:** Delivers precise and quality-focused work.
- **Continuous Learning**

LANGUAGES

- **English:** Professional Working Proficiency
- **Tamil:** Full Professional Proficiency
- **Sinhala:** Full Professional Proficiency

VOLUNTEERING

- Zero Plastic Club member at the ITUM.
- Member of Catholic Youth Club.
